(1) Information and communication electronics equipment

Notes : 1. Figures for "Miscellaneous manufacturing products" of the 2005 base are counted based on the 2005-base classification that includes "Plastic and rubber products." Figures for "General-purpose machinery," "Production machinery," and "Business oriented machinery" of the 2005 base are the total number of 2005-based two categories, "General machinery" and "Precision instruments."

2. All figures of the 2005 base are counted at the timing when the IOPI was revised from the base year 2000 to 2005. All figures of the 2011 base are counted at the timing when the SPPI was revised from the base year 2010 to 2015.

3. When one "Commodity" corresponds to plural "Commodity groups," it is counted in each group separately.

Table 2: Changes in the number of Sector classifications, Commodity groupings and Commodities in relation to the rebasing of the SPPI to the base year 2015

1-2. By Major sector
