[Developments of Fixed Investment including Land Purchasing Expenses]

- Note:1. The graphs indicate the revision pattern of fixed investment. The horizontal axis represents the point of time when the survey is conducted for each fiscal year. Namely, the first survey for each year (March survey) is at the very left, and the last survey (June survey of the following year; actual result) is at the very right. The vertical axis represents the year-to-year percent change.
2. The graphs also show December 2006 survey figures that have been recalculated with sample enterprises after the March 2007 revision.
3. Excludes Software Investment.
