Bank of Japan

Treatment of Inflation-Indexed Japanese Government Bonds to be issued after October 2013 in the Bank's market operations

Inflation-Indexed Japanese Government Bonds to be issued in October 2013 and thereafter fall within the definition of "Inflation-Indexed Bonds" as prescribed in the relevant principal terms and conditions of the Bank's market operations, such as "Principal Terms and Conditions for the Outright Purchase/Sale of Japanese Government Bonds" and "Guidelines on Eligible Collateral."

The newly issued Inflation-Indexed Bonds will therefore be treated in the same manner as those already issued.
