

**Additional Auction Schedule  
of Outright Purchases of Japanese Government Bonds**

The Bank of Japan will conduct an additional outright purchase of Japanese government bonds (JGBs) on March 17 as follows.

	Residual maturity	Purchase size (100 million yen)
JGBs with coupons (excluding inflation- indexed bonds and floating-rate bonds)	More than 3 years and up to 5 years	About 1,000
	More than 5 years and up to 10 years	About 1,000

The Bank will continue to conduct additional outright purchases of JGBs as needed, taking account of market conditions.
