

## Real Exports and Real Imports

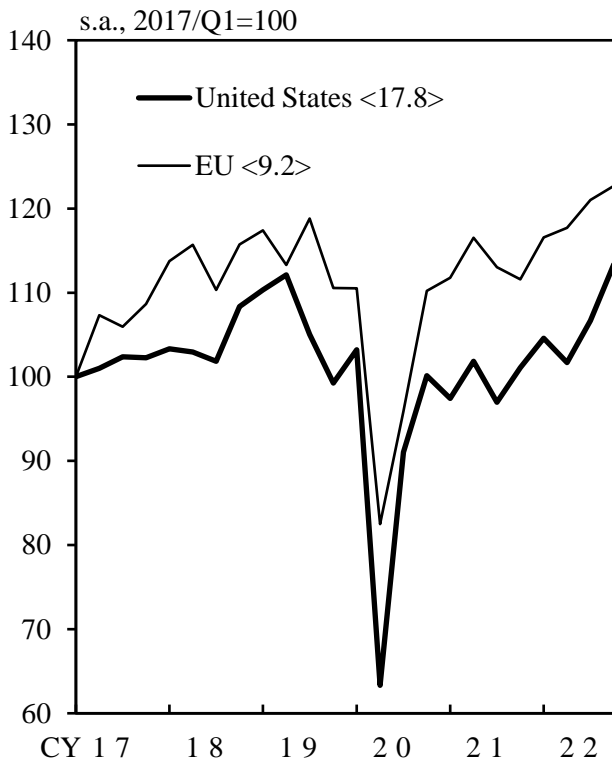

### (1) Real Exports and Real Imports

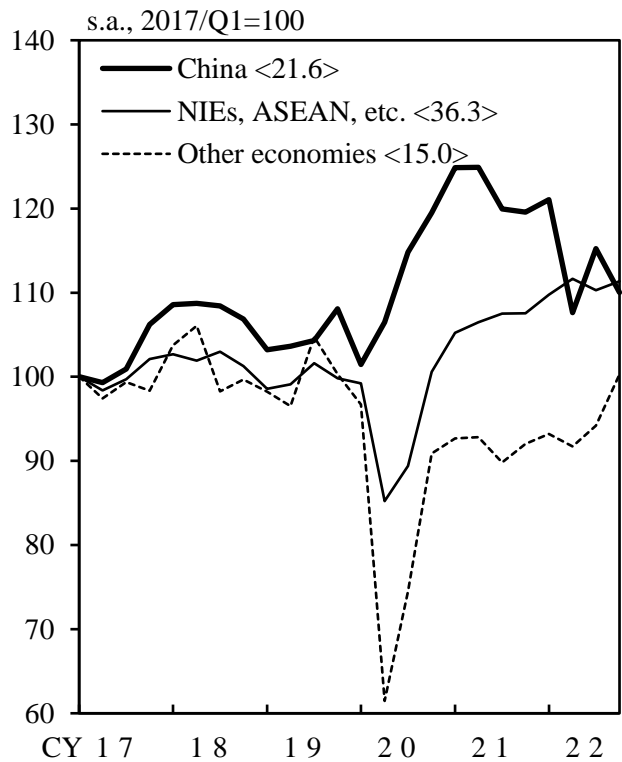

Note: Figures for 2022/Q4 are those of October. The same applies to the charts below. Figures for the real trade balance (as a ratio of real GDP) from October 2022 onward are calculated using real GDP for 2022/Q3.

### (2) Real Exports by Major Country and Region

#### (a) Advanced Economies

#### (b) Emerging and Commodity-Exporting Economies

Notes: 1. Figures in angular brackets show the share of each country or region in Japan's total exports in 2021.

2. Figures for the EU exclude those for the United Kingdom for the entire period.
