For "Institutions surveyed": Items marked with "○" denote institutions that are surveyed or that submit reports, and for which the particular statistics are announced. Items marked with an asterisk (*) denote institutions that are surveyed or that submit reports, but for which the particular statistics are not announced.

For "Definitions": Items marked with "□" are included in the aggregate figures.

Note 1: Since the data for March and September are preliminary at the time of the first release, the data may be revised in the next issues.

Note 2: A revision is considered in the reported data or in the compilation process, the data are revised immediately. In particular, the data are estimated by revised approximately for the previous five years, and are announced on the closest release date from when the error was reported.

However, in cases where the scale of revision is below 0.1 percent of amounts outstanding of the total deposits, the data are revised at the time of the next revisions.
