Statistics based on the BPM5	Jan. 1996– Dec. 2013	○	○	○ From Jan. 2005	● From the first quarter of 2005	×	○ From the first quarter of 2005	Directional principle	17 months after the period in which they were actually earned	Included (figures excluding such transactions were also released) ⁵	Three sectors
Statistics based on the BPM5, before the revision of the statistical treatment of financial derivatives	Jan. 1996– Dec. 2001, provisional	○ Part of the items compiled	×	×	×	×	×	Directional principle	17 months after the period in which they were actually earned	Included	/
Data originally compiled based on the BPM4	Jan. 1985– Dec. 1995 ²	○ Part of the items compiled	×	×	×	×	×	(*)	Not recorded	Excluded	/

(*) Reverse investments were not recorded as direct investment but recorded as portfolio investment.

Notes: ¹ Current account; goods and services; primary income; secondary income; capital account; financial account; direct investment; portfolio investment; other investment; reserve assets; and net errors and omissions.

² Data for items contained in the "summary table" (i.e., current account; goods and services; trade balance; exports; imports; services; income; current transfers; capital and financial account; financial account; direct investment; portfolio investment; other investment; capital account; capital transfers; changes in reserve assets; and errors and omissions) and the "current account (seasonally-adjusted)" are available from January 1985. Data for the other items are available from January 1991.

³ Provided that direct investment flows by region and industry are compiled based on the directional principle.

⁴ Provided that figures for the previous month are carried forward until source data (reports based on firms' financial statements) become available.

⁵ Provided that securities lending transactions were excluded for the data related to portfolio investment.
