Notes: 1. The graphs indicate the revision pattern of fixed investment. The horizontal axis represents the point of time when the survey is conducted for each fiscal year. Namely, the first survey for each year (March survey) is on the left, and the last survey (June survey of the following year; actual result) is on the right. The vertical axis represents the year-to-year percent change.
 2. There is a discontinuity in the data in December 2017 due to the regular revision of the sample enterprises.
 3. Excludes software and R&D investment.
